

quotes café

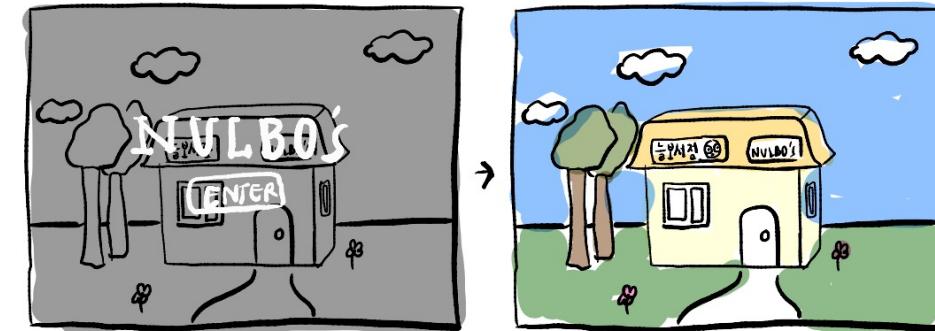

A bookstore cafe where users can read quotes from books
and enjoy the ambience of being at a cafe - virtually.

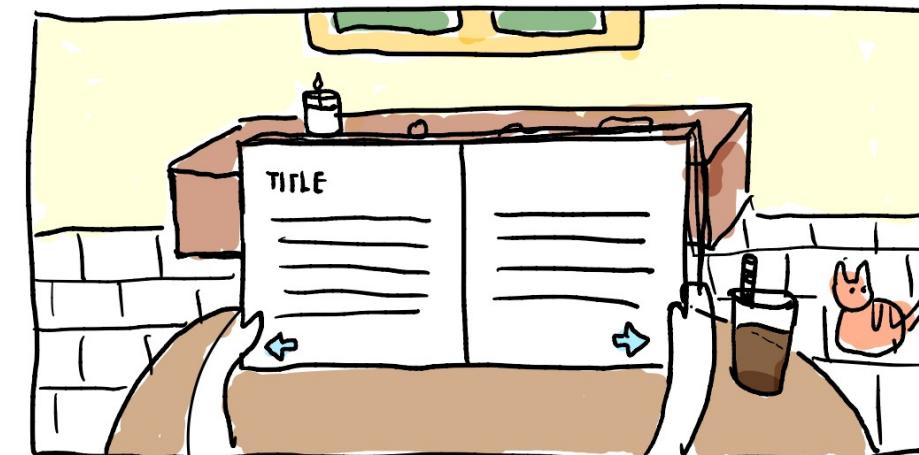

Goal:

To design an experience in which the user feels a sense of *comfort*

Design choices

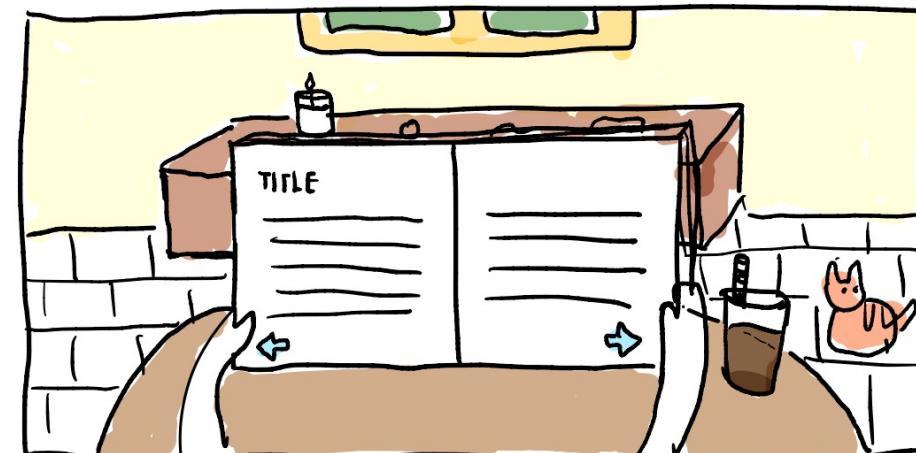

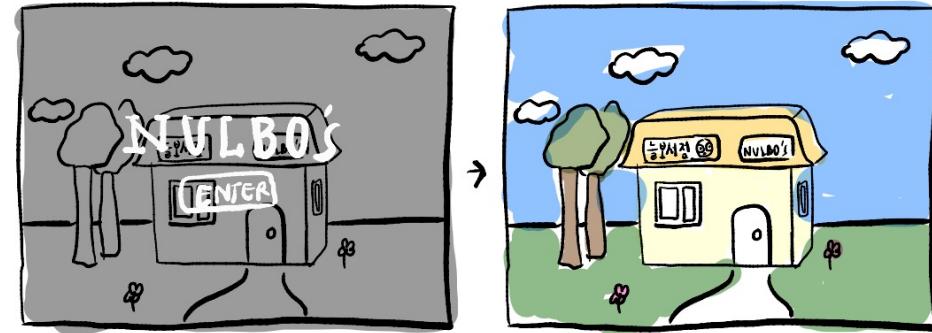

1. Warm pastel colors
2. Sound effects and music
3. Simple Graphics
4. As little text as possible

Three Pages

1. Starting page
2. Inside of café
3. Book Interface

WIREFRAME (02.19.2022)

Shortcomings:

png image, svg text, error accessing APIs

Next Steps:

- Implement a wider range of contents in the books
- Let users choose the category of preference
- Add more objects that users

thank you :)
